Addendum 1

ITB # 19-15-207266

Northern Region Grade Crossing Upgrade Support

Addendum number 1 is issued for questions / clarifications.

**The Closing Date for this has changed. This ITB will close as follows:
Bids will be received until May 2, 2019 @ 3:00 PM local Alaska time.**

Clarifications / Questions:

- 1) Please clarify if RR Protective Liability is required for the Northern Region Crossing Support.
We don't require RPI specifically, the requirement is a Contractual Liability Endorsement for Railroads (CG 24 17). ARRC is to be added to the Contractor's CGL Policy as an Additional Insured to include: an endorsement deleting all railroad exclusions, and an endorsement adding ARRC as an additional insured with a full waiver of subrogation.
- 2) What are the expectations for base bid item 1-617(9) temp detour? It is listed in the base bid and alternate #1. Please replace the schedule of values for the Cost Schedule with the one attached herein. It was inadvertently listed in the base bid, and is an add alternate item only.

All other terms and conditions remain unchanged.

If there are any questions regarding this addendum please let me know.

Thank you,

Greg Goemer
Sr. Contract Administrator
