

Anchorage Depot Parking Lot Improvements

Project Description

The Alaska Railroad Corporation (ARRC) proposes a parking lot improvements project at the Anchorage Historic Depot parking lot located in Anchorage, Alaska. To further develop scope and engineering, ARRC proposes geotechnical and any other necessary studies/surveys as required. The future project will address safety and increase the capacity of the parking lot, exact project elements are to be determined

Project Scope

- Specific project details are to be determined at this time.

Project Status

- Preliminary engineering and studies to further develop 30% design is underway.
- Once 30% design is completed, the project would be submitted for National

Environmental Policy Act (NEPA) approval. Once approved, final design and permitting will be completed; then ARRC will solicit a construction contractor to complete the work.

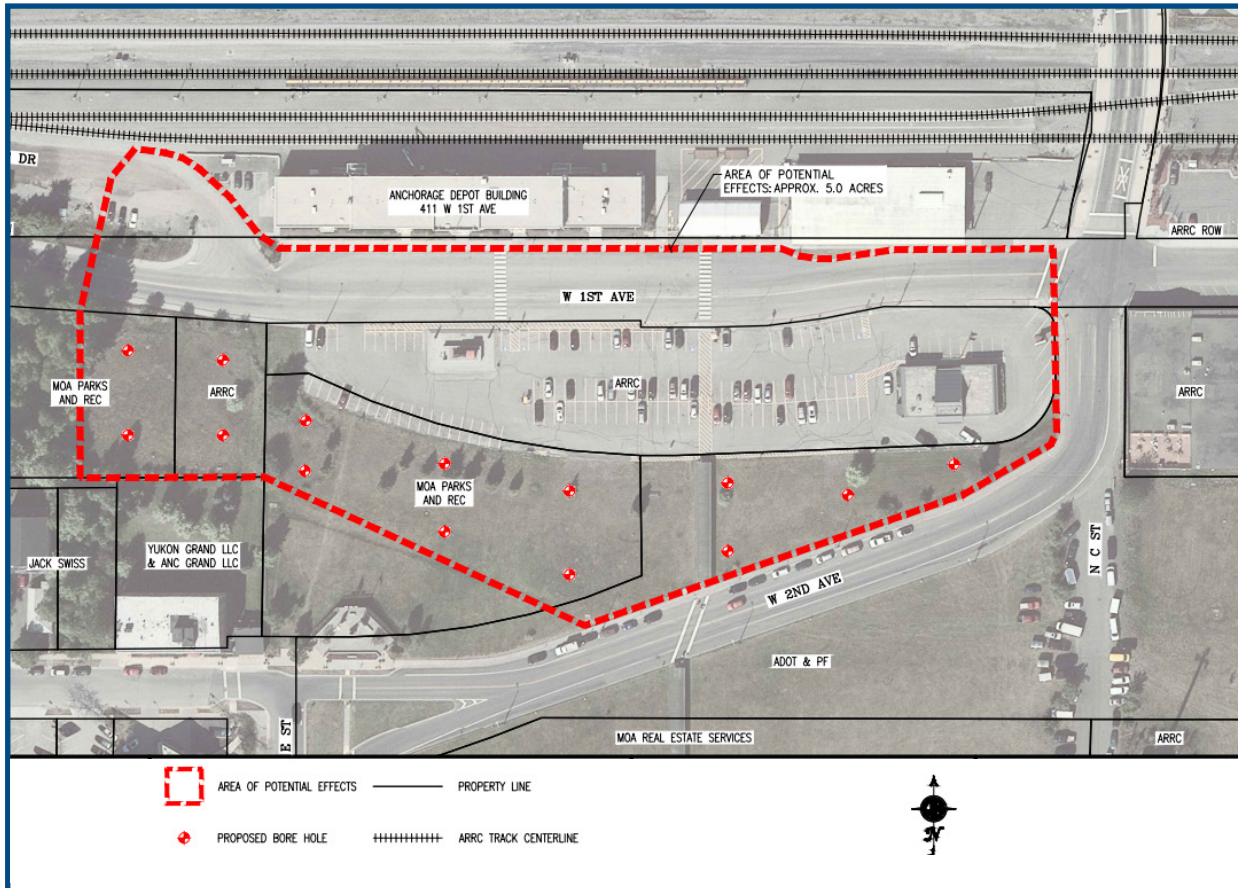

- NEPA submission is anticipated during spring 2027.
- Construction is anticipated to begin summer of 2028.
- Project completion is expected by fall of 2028.

Project Funding

The project is expected to be funded 80% by the Federal Transit Administration (FTA) with the required 20% match by ARRC.

The Anchorage Historic Depot parking lot located in Anchorage, Alaska.

Area of potential effects with proposed bore holes.
