The Alaska Railroad Corporation (ARRC) is hosting a public open house to update the community on its draft Whittier Terminal Master Plan. The draft Master Plan identifies potential short- and long-term infrastructure and operational improvements to guide growth and development at its railyard and marine facilities. Join us April 15, 2025, to learn more about the ARRC's proposed plan for modernization and investment at the Whittier Terminal!

We want to hear your thoughts on ARRC's proposed improvements! Comments are welcome at any time during the planning process, but comments on the draft Master Plan should be submitted by April 30, 2025.
