Addendum Number 1

RFQ 25-32-212827

ARRC Environmental Compliance Services TA

This Addendum is being issued to answer questions.

The Closing Date for this RFQ remains unchanged.

Questions and answers:

1. Q: Would ARRC allow an official teaming agreement between two firms for this contract?
A: No, the committee will evaluate the qualifications of the firm submitting the proposal. If selected for award, the contract will be issued to the firm identified in the proposal and listed on the business license and supporting documentation submitted.
Partner firms or subcontractors may be listed in the proposal and may assist in performing the work, but the award itself will be made only to the submitting (prime) firm.
2. Q: Under what circumstances would ARRC permit more than 25% of the work to be subcontracted to support technical requirements outside the Contractor's in-house capabilities?
A: The 25% applies to the overall work being requested. However, ARRC may review and approve exceptions on a case-by-case basis if the task requires specialized technical expertise that the Contractor does not have in-house.

All other terms and conditions remain unchanged.

Acknowledge receipt of this addendum can be submitted on a revised copy of your firm's Service Bid Form (Form 395-0129) and/or can be submitted as a separate document via email.

Sincerely,

Sazil Say
