### Addendum Number 2

#### Invitation to Bid 24-78-212737

#### ARRC Whittier Barge Basin Dredging

Offers will be received until 3:00 PM local time on December 18, 2024.

This addendum is being issued to provide information as follows:

---

Question 01: Both the Protection & Indemnity Insurance, and the Pollution Liability Insurance specify \$5 Million in Coverage. Can either of these coverages be reduced?

Answer 01: For protection and indemnity insurance, and the Pollution Liability Insurance are Required Subsec. 5.4.11 of Appendix E specifies it would be applicable if watercraft is used. Additionally, that subsection indicates the coverage may be waived if the contractor self-insures the equipment and waives all rights of recovery against ARRC in writing.

Question 02: Also, professional liability insurance is normally only required for design - build projects and seems unnecessary for a dredging project.

Answer 02: Professional Liability insurance is not required for this project.

Question 03: Provide details of Disposal Location and Access to Site

Answer 03: Revised Text: Disposal Site: An uplands disposal site is provided by ARRC at Whittier's Head of the Bay; as shown in "Haul Route" drawing. Access to the site is across ARRC lands permitted to Mass Excavation, Inc. Activities are not anticipated during this dredging project; however, Contractor shall accommodate any activities associated with this permit. Disposal of materials shall be done on the higher graded area of the site. Disposal shall be over the "edge" of the graded area, generally of the south side of the site unless directed otherwise. Figures 1 & 2 below provide clarification of these areas.

---

Please acknowledge receipt of this and all addendums in your Firm's Construction Bid Form 395-0121 (12/99). All other dates, terms and conditions remain unchanged.

Please direct all responses and/or questions concerning this solicitation to C. Lee Thompson, Alaska Railroad Corporation, Contracts, 327 Ship Creek Avenue, Second Floor, Anchorage, AK 99501, number 907-854-3141 or at email address
