ADDENDUM NO. 2

Invitation to Bid (ITB) 26-23-214657

Bridge 158.7 Replacement

Alaska Railroad Corporation

Date: June 30, 2026

This Addendum No. 2 is issued to provide clarification in response to a bidder question, incorporate a revised plan sheet, and updated cost schedule. All other terms and conditions of the referenced solicitation remain unchanged.

QUESTION AND ANSWERS:

9. Using the Typical Bulkhead Section Sht 10 of 12 and the Proposed Plan and Profile Sht 08 of 12, I am coming up with substantially more Type A and Type C material quantities.
- The Type C doesn't appear to take into account the fill area outside the track prism but within the sheet pile cell and also the fact there is no track prism on the south end?
 - Type A and doesn't appear to take into account the lack of track prism on the south side?

Quantities for both Type A and C fill have been double checked and need the following revision; Type C, the correct quantity is 237 tons, Type A, the correct quantity is 174 tons. These updated quantities now account for the areas within the sheet pile cell and the track prism outside of the sheet pile cell.

PAY ITEMS (REVISED PAY SCHEDULE BELOW)

Pay Item 203.0006.1: 174 tons (Type A)

Pay Item 203.0006.2: 237 tons (Type C)

ATTACHMENT (REVISED) BR158.7 REPLACEMENT CBD, Page 3 of 12, dated June 6, 2026, this page supersedes all prior versions and replaces the previous version in its entirety.

Please acknowledge receipt of this and all addenda in your firms Supply Bid Form (Form 395-0129).

Sincerely,

Sarah B. Wallace
Contract Administration Specialist
Alaska Railroad Corporation

**SECTION H
(UPDATED) COST SCHEDULE**

COST SCHEDULE:

A Bidder's Failure to provide the information requested in this Appendix may be cause for rejection of the bid on the basis on non-responsiveness. Cost shall be bid in accordance with all specifications and any Technical Specifications incorporated herein.

AWARD CRITERIA:

A contract award resulting from this solicitation may be made to the low, responsive, responsible bidder who meets the requirements as set forth in the Plans and specifications and compliance thereof. An award may be made in the aggregate of Base Bid and or any combination of Base Bid and Add Alternates, whichever is deemed by the Contract Administrator to be in the best interest of the ARRC. The successful bidder shall hold unit prices of all additives firm for a period of thirty (30) days from the date of bid opening. Award is contingent on the availability of ARRC funds.
